

Octogonal tubular enclosures

Octo tubes série 090

Octo tubos serie 090

J-090

Our latest product offering. By utilizing its octagonal shape and variety of sizes, configurations and options, you will be able to create the solution you require.

Through the use of marble, granite, stainless steel or wood, you may be as practical or elegant as you wish.

Notre tout dernier modèle... Lignes octogonales, vaste choix de dimensions, détails de finition en granite, marbre, acier inoxydable ou en bois en font une solution pratique et élégante à la fois.

Nuestra nueva familia de locutorios telefónicos de forma octogonal ofrece posibilidades múltiples en cuanto a la disposición.
